Timesheet Collect (TC) is designed to allow multiple employees to input their time via one PC. You can have one installation of the program and multiple users can input their time via this one installation. If you are the only user (and just input time for yourself) then you should purchase Timesheet Xpress! We sell Timesheet Collect in a number of pack licences - these licences allow you to record time for up to a maximum number of named employees. If you require more than 30 named users for a single installation please contact us.

Annual Update & Support is optional you are under no obligation to purchase it however we do strongly recommend it, indeed after the first year you can continue to use the product for as long as you like, with no further payment.

After the expiry of your 'Annual Update & Support' you have period of up to two weeks to purchase the next year's protection. If the two week period lapses it will be necessary for you to purchase the appropriate Upgrade Licence. Note, Annual Update & Support simply adds on 12 months technical support and updates to your previous expiry date.

If you have any questions regarding the appropriate licence to purchase please email [sales@TimesheetXpress.com](mailto:sales@TimesheetXpress.com) or alternatively you may call +44 (0)843 050 8463 office hours are 0830hrs - 1700hrs GMT.
